

VERMONT BREWERS ASSOCIATION

ALLIED PARTNERSHIP BENEFITS

Our membership is strong with over 60 breweries that actively participate in our association. The year 2023 will be the seventh year of offering allied partnership to businesses that support our industry in various ways. If your business provides goods or services to craft brewers and you would like the opportunity to show your support for our members, consider one of the following tiers of membership. The benefits increase with each level and the program has been extremely successful for the nearly 30 businesses that have joined since its inception in 2017.
